

# Approved Input Certificate

## Canadian Organic Standards

**Envirem Organics Inc.**  
P.O. Box 3509, Stn.B,  
Fredericton, NB E3A 5J8

Reg #08-244

Pro-Cert Organic Systems Ltd. (Pro-Cert) hereby confirms that the input(s) listed below, and in the attached Approved Input Summary, may be used in the production and/or processing of organic products in compliance with the requirements of the **Canadian Organic Standards (COS) Organic Production Systems Permitted Substances Lists (CAN/CGSB-32.311-2006)**. This confirms that the input(s) so listed are produced in compliance with respect to the annotations regarding the production of the input(s). Note that this approval does not waive the requirement for operators to comply with any restrictions on use as required by the standards and annotations for input use listed therein. Operators wishing to include approved input(s) in their organic production plan should consult with their certification body and obtain approval for use prior to any application of the input.

**Products Approved for Organic Use:**

**Soil Amendments**

See the attached detailed Approved Input Summary

Approval Based on:  Document Review     On-Site Verification

Effective Period of Approval: **January 14, 2014 to January 13, 2015**

Initial Date of Approval: **January 14, 2009**

Date of Issue: **April 24, 2014**

This approval certification remains in effect as indicated above unless surrendered by the holder or until suspended or revoked by Pro-Cert Organic Systems Ltd. The extension of the approval requires an annual update of the input production plan, and on-site verification (where required) and annual evaluation by Pro-Cert.
